“

The engine is the heart of an airplane but *the pilot is its soul.*

Sir Walter Raleigh

”

Dear Sir or Madam;

Welcome to IFTC; the number one destination for the pilots of the future. Here at IFTC we seek to provide the best training experience possible to our customers. Our customers aren't just names and numbers, they are the very souls of aviation. Therefore, they deserve the most prestigious training services available within a modern facility complying with international standards.

Over a decade in the industry, IFTC is increasingly committed to meeting the growing demand for aviation training by raising the most important asset of an airline, its pilot.

Sincerely,
The IFTC Team

35,000
hours of training

ISTANBUL

Come and train in *The world's capital of culture.*

Formerly known as the home to the Roman Empire and Byzantium Empire, Istanbul is the only city that straddles two continents: Asia and Europe. Istanbul proudly announce its excellency in sustaining its status as an aviation hub while continuously improving its infrastructure with its new airport set to redraw the world aviation map, worthy of being titled "The world's capital of culture".

FULL FLIGHT SIMULATOR

Airbus 320

03 & 04

Istanbul: Home to *4 full flight simulators*

The two Level D A320 and two Level D B737NG flight simulator are **certified by EASA**. The simulators use satellite imagery with customized visual data bases. IFTC's expert technical team works around the clock to keep the simulators up to international standards.

A320 FTD & B737NG FPT

Istanbul: Home to **1 A320 FTD** and **1 B737NG FPT**

The Istanbul facility is equipped with 1 A320 FTD and 1 B737NG **one touch panel based training device** known as FPT. Students are required to clock in several hours on the FPT's learning to operate all panels, controls, indicators and displays found in the flight deck before stepping foot into the flight simulators. MCC- JOC trainings can be done on EASA approved A320 FTD which is basically a full flight simulator without the motion with its full flight deck replica and fully enclosed design.

Istanbul:

At your service *24/7, 365 days*

The Istanbul facility, conveniently located in the Istanbul İhtisas Free Zone, houses **4 Level D full flight simulators**, all certified by EASA. In addition, the facility offers spacious classrooms adjustable to your requirements, two computer based training rooms designed to ensure the **excellency of your aircraft technical knowledge**, briefing rooms you can freely use to brief/debrief for and go over your simulator flights and 1 A320 FTD and 1 FPT to familiarize you with the flight deck. To ensure your comfort, your accommodations and transportation can be arranged by IFTC's customer service at your convenience.

ISTANBUL FACILITIES

- ✓ 4 flight simulators (A320 + B737NG)
- ✓ Computer-based training rooms
- ✓ Large classrooms
- ✓ Briefing rooms
- ✓ Close-by luxury hotels
- ✓ 1 A320 FTD & 1 B737NG FPT

ANTALYA

Come and train in *Turkey's Best Sea Resort*

Located in Turkey's biggest sea-resort and one of its most historic cities, IFTC ANTALYA is mere miles away from the welcoming embrace of the Mediterranean sea. When they're not clocking time in flight simulators, pilots are free to enjoy the city's many beaches, sun tan, hiking tracks or visit captivating historic sites such as the Hidirlik Tower, Hadrian's Gate or the Yivliminare Mosque.

Antalya: Train in the only *energy neutral center* in the world.

IFTC Antalya is equipped with self-supporting modules offering the required services for both type rating and recurrent trainings. The facility houses an EASA certified Level D B737NG FFS *powered by solar panels*, lit with LED-lights and heated, cooled with groundwater. The simulator uses satellite imagery and is *customizable according to your requirements*. IFTC Antalya is the first simulator center in the world to return power back to the grid in times of overcapacity and is *a model example for all training facilities*.

Antalya:

A training spot for *cabin crew*, as well as *pilots*.

The IFTC Antalya is the facility houses a **Cabin Evacuation & Emergency Trainer (CEET)** and a **Real Fire Fighting Trainer (RFFT)**. The CEET prepares your cabin crew for any normal, abnormal or emergency situations that may occurring during take-off, flight and landing. The RFFT equips your cabin crew / pilots with the necessary skills to combat any fire and simulates real fire and smoke during the process. With diligent course programs, experienced instructors and the latest equipment, the facility is at your service 24/7, 365 days a year.

ANTALYA FACILITIES

- ✓ **Energy-neutral simulator (B737NG)**
- ✓ **B737NG CEET**
- ✓ **RFFT**
- ✓ **Briefing rooms**
- ✓ **Close-by luxury hotels**

Type Rating Trainings:

A320 & B737NG

IFTC offers airlines and individuals the opportunity to pursue their *type rating training for A320 and B737NG* aircrafts. With expert, multi-lingual instructors, state-of-the-art simulators and a required FPT’ and / or FTD training course before setting foot into the simulators, IFTC will meet all your training needs. Relying on its decade-long experience in the field, IFTC will provide you with every comfort, as well as a meticulous training program to turn you into the best pilot you can be.

COURSE DURATION

The training program can be tailored according to the Civil Aviation Authority requirement of the applicant. The duration changes between 1-2 months depending on the experience.

Captain Osman

Chief Instructor and pilot since 1963

“

IFTC trains not only the most talented pilots in the world, but also the most passionate. The fact is only the most passionate students can become the most skilled and determined pilots. With a training program more rigorous than anything else in the market, IFTC helps create the skilled, intelligent and industrious pilots of the future.
